

Uputstvo za montažu mobilnog stalka

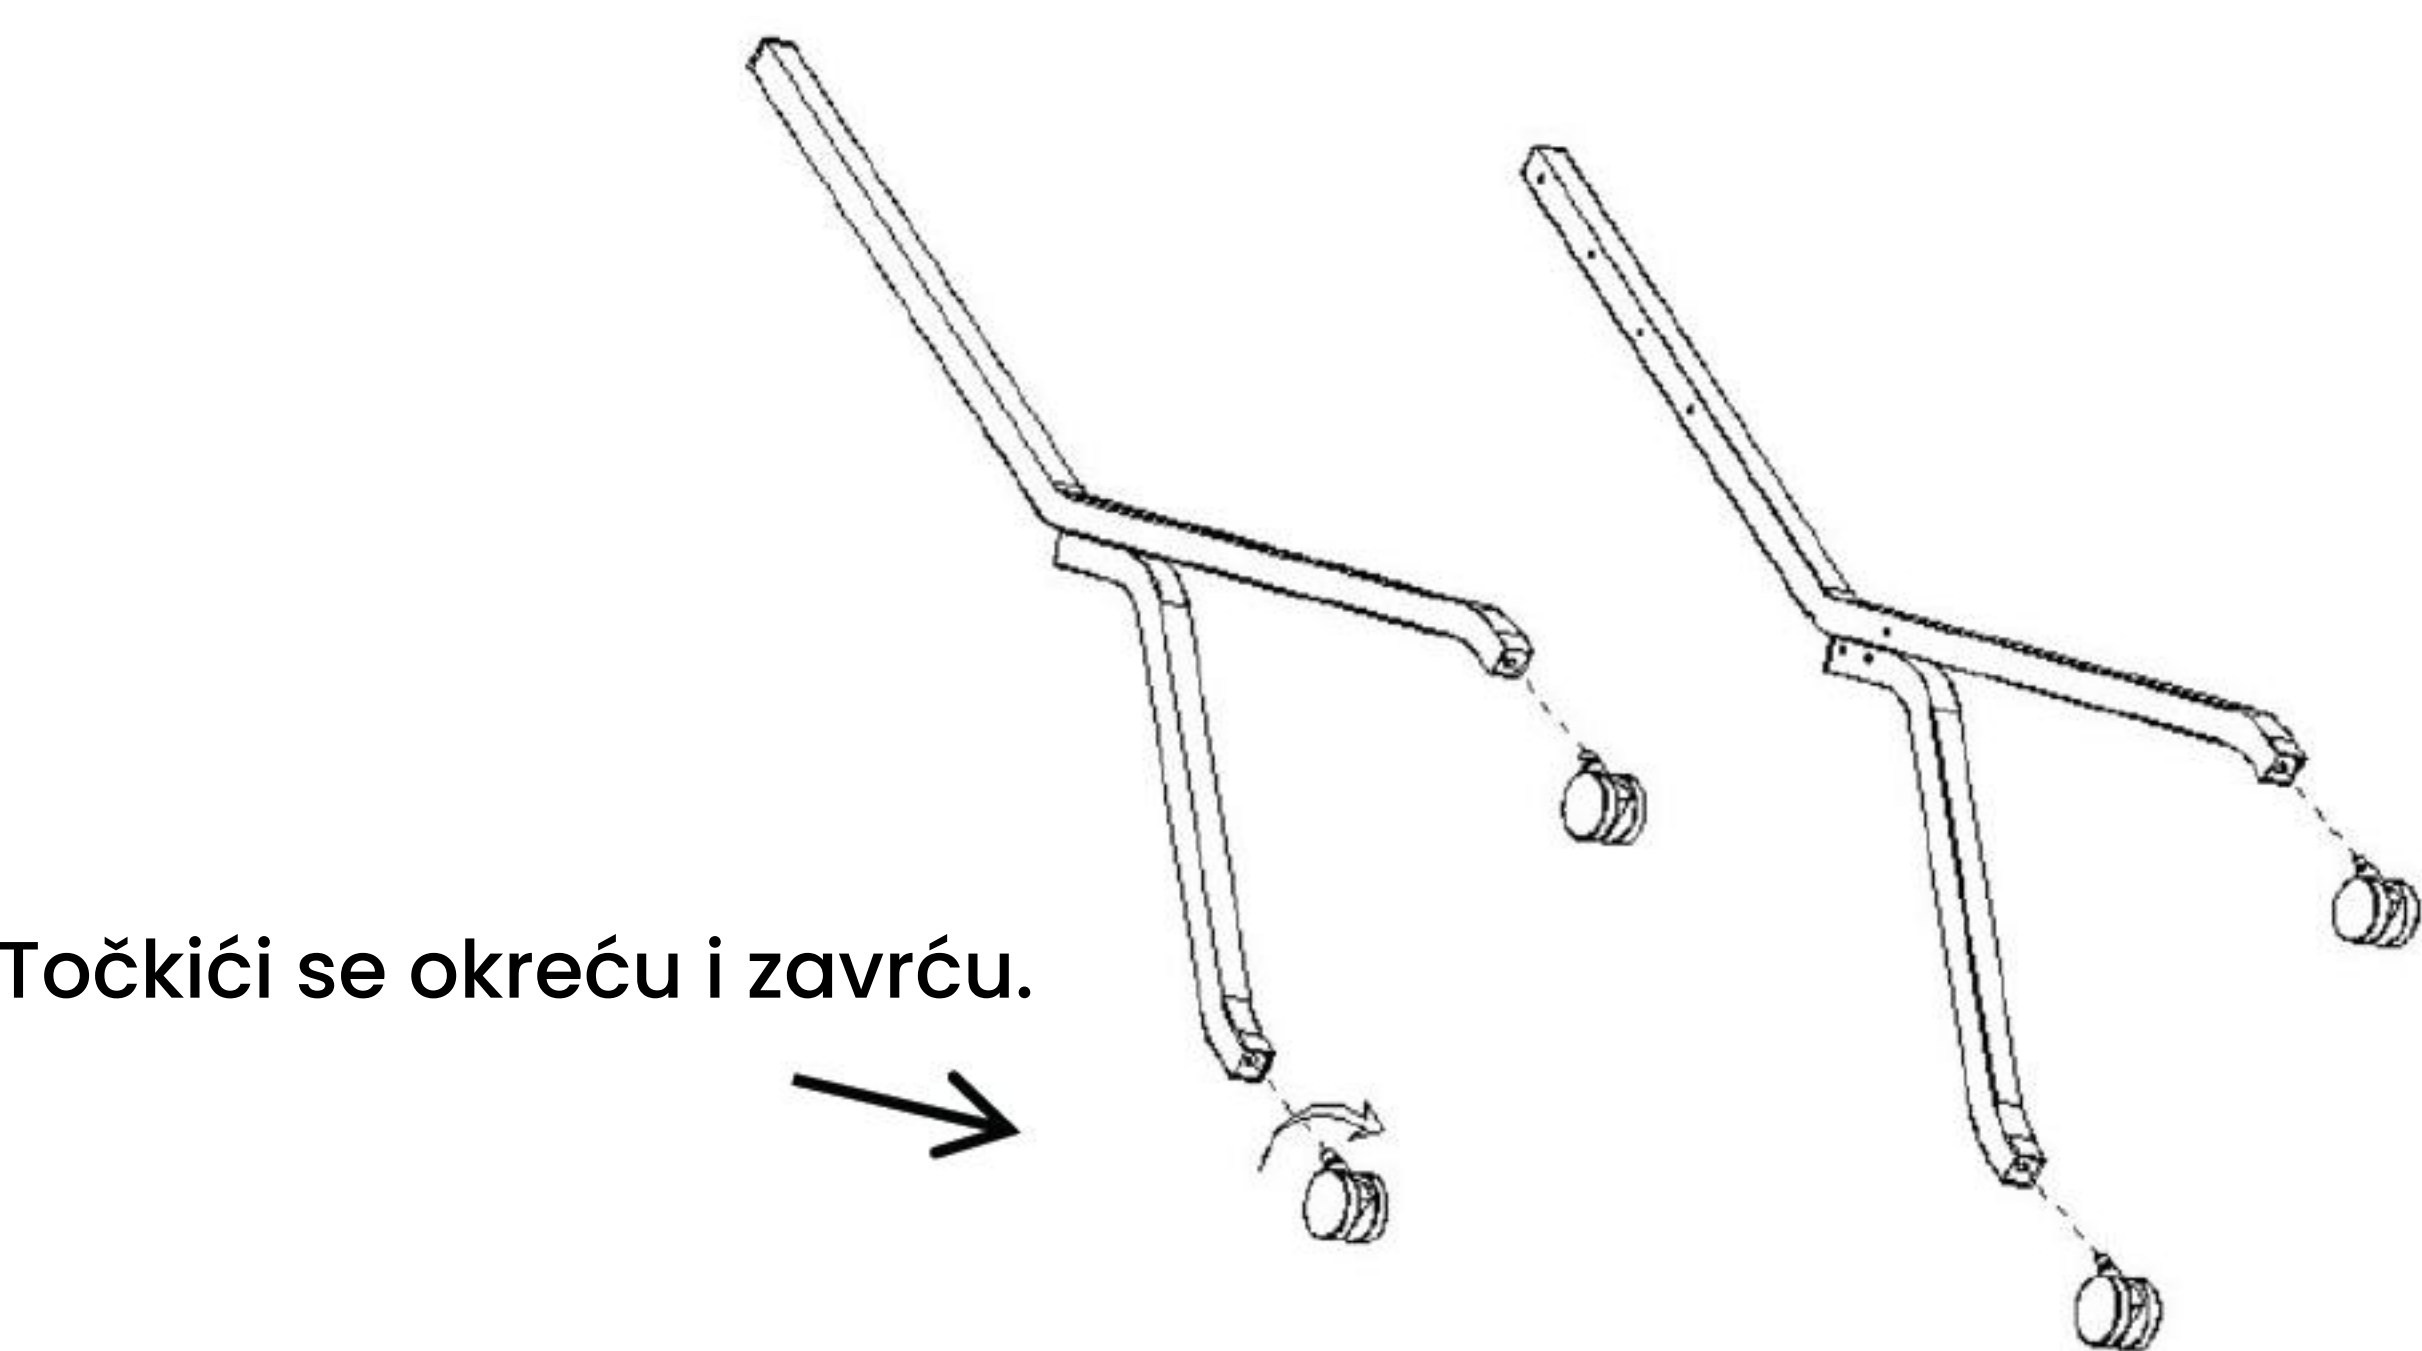

Uputstvo za montažu mobilnog nosača

Konstrukcija proizvoda

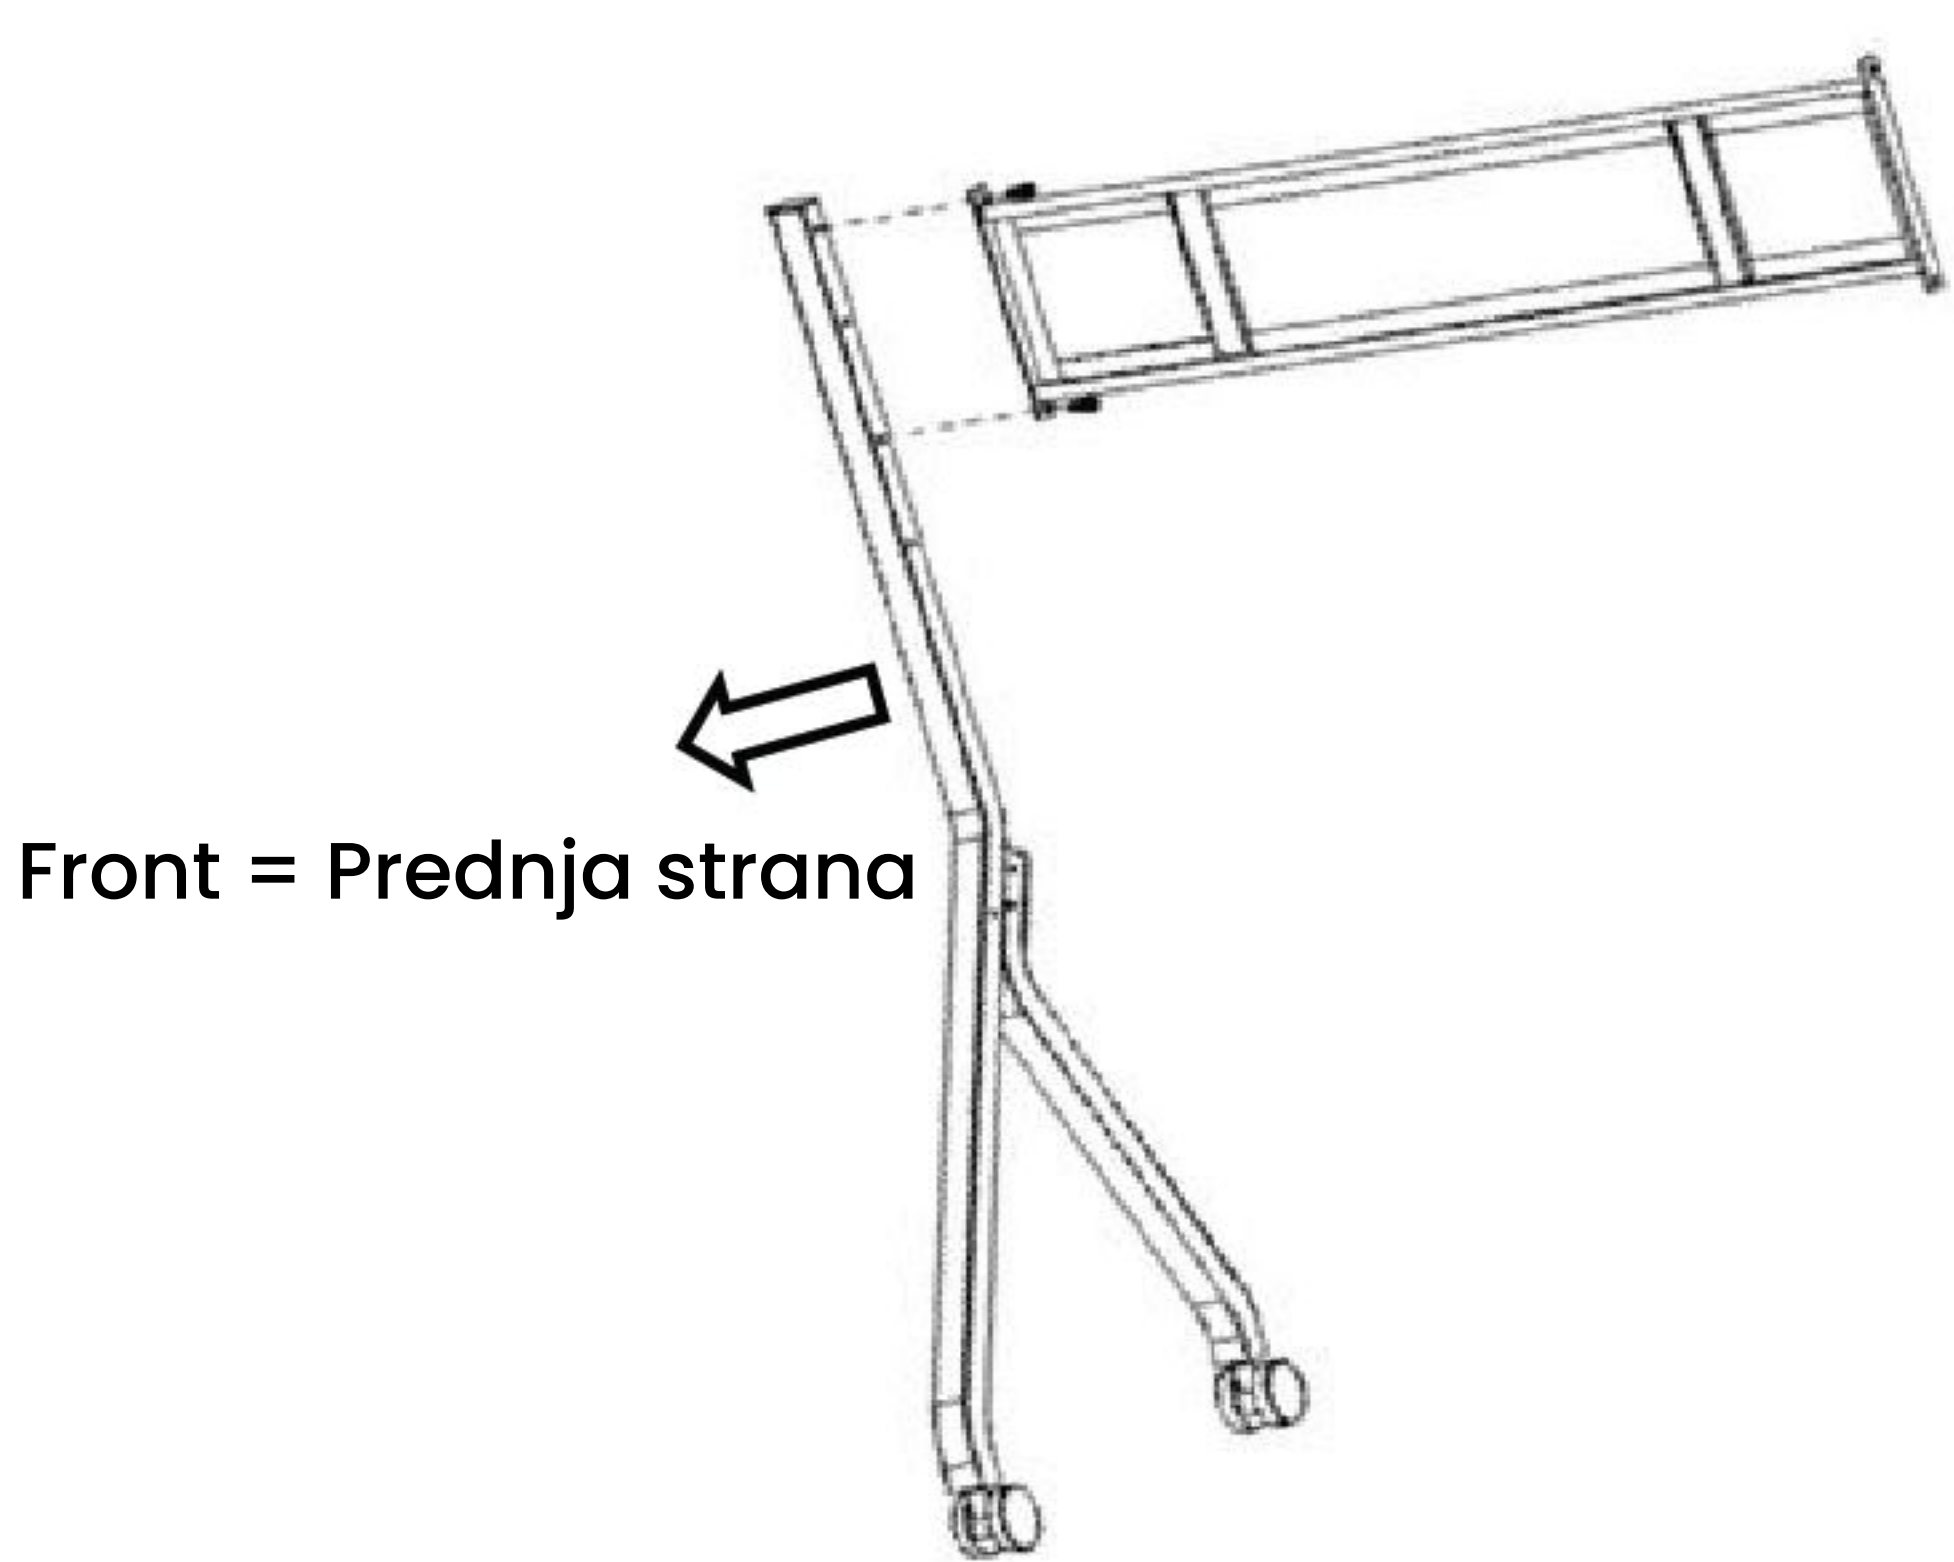

Korak 1

Podesite točkiće tako da budu u položaju za kočenje, a zatim ih zavrnite u noseće noge (kao što je prikazano na slici 1).

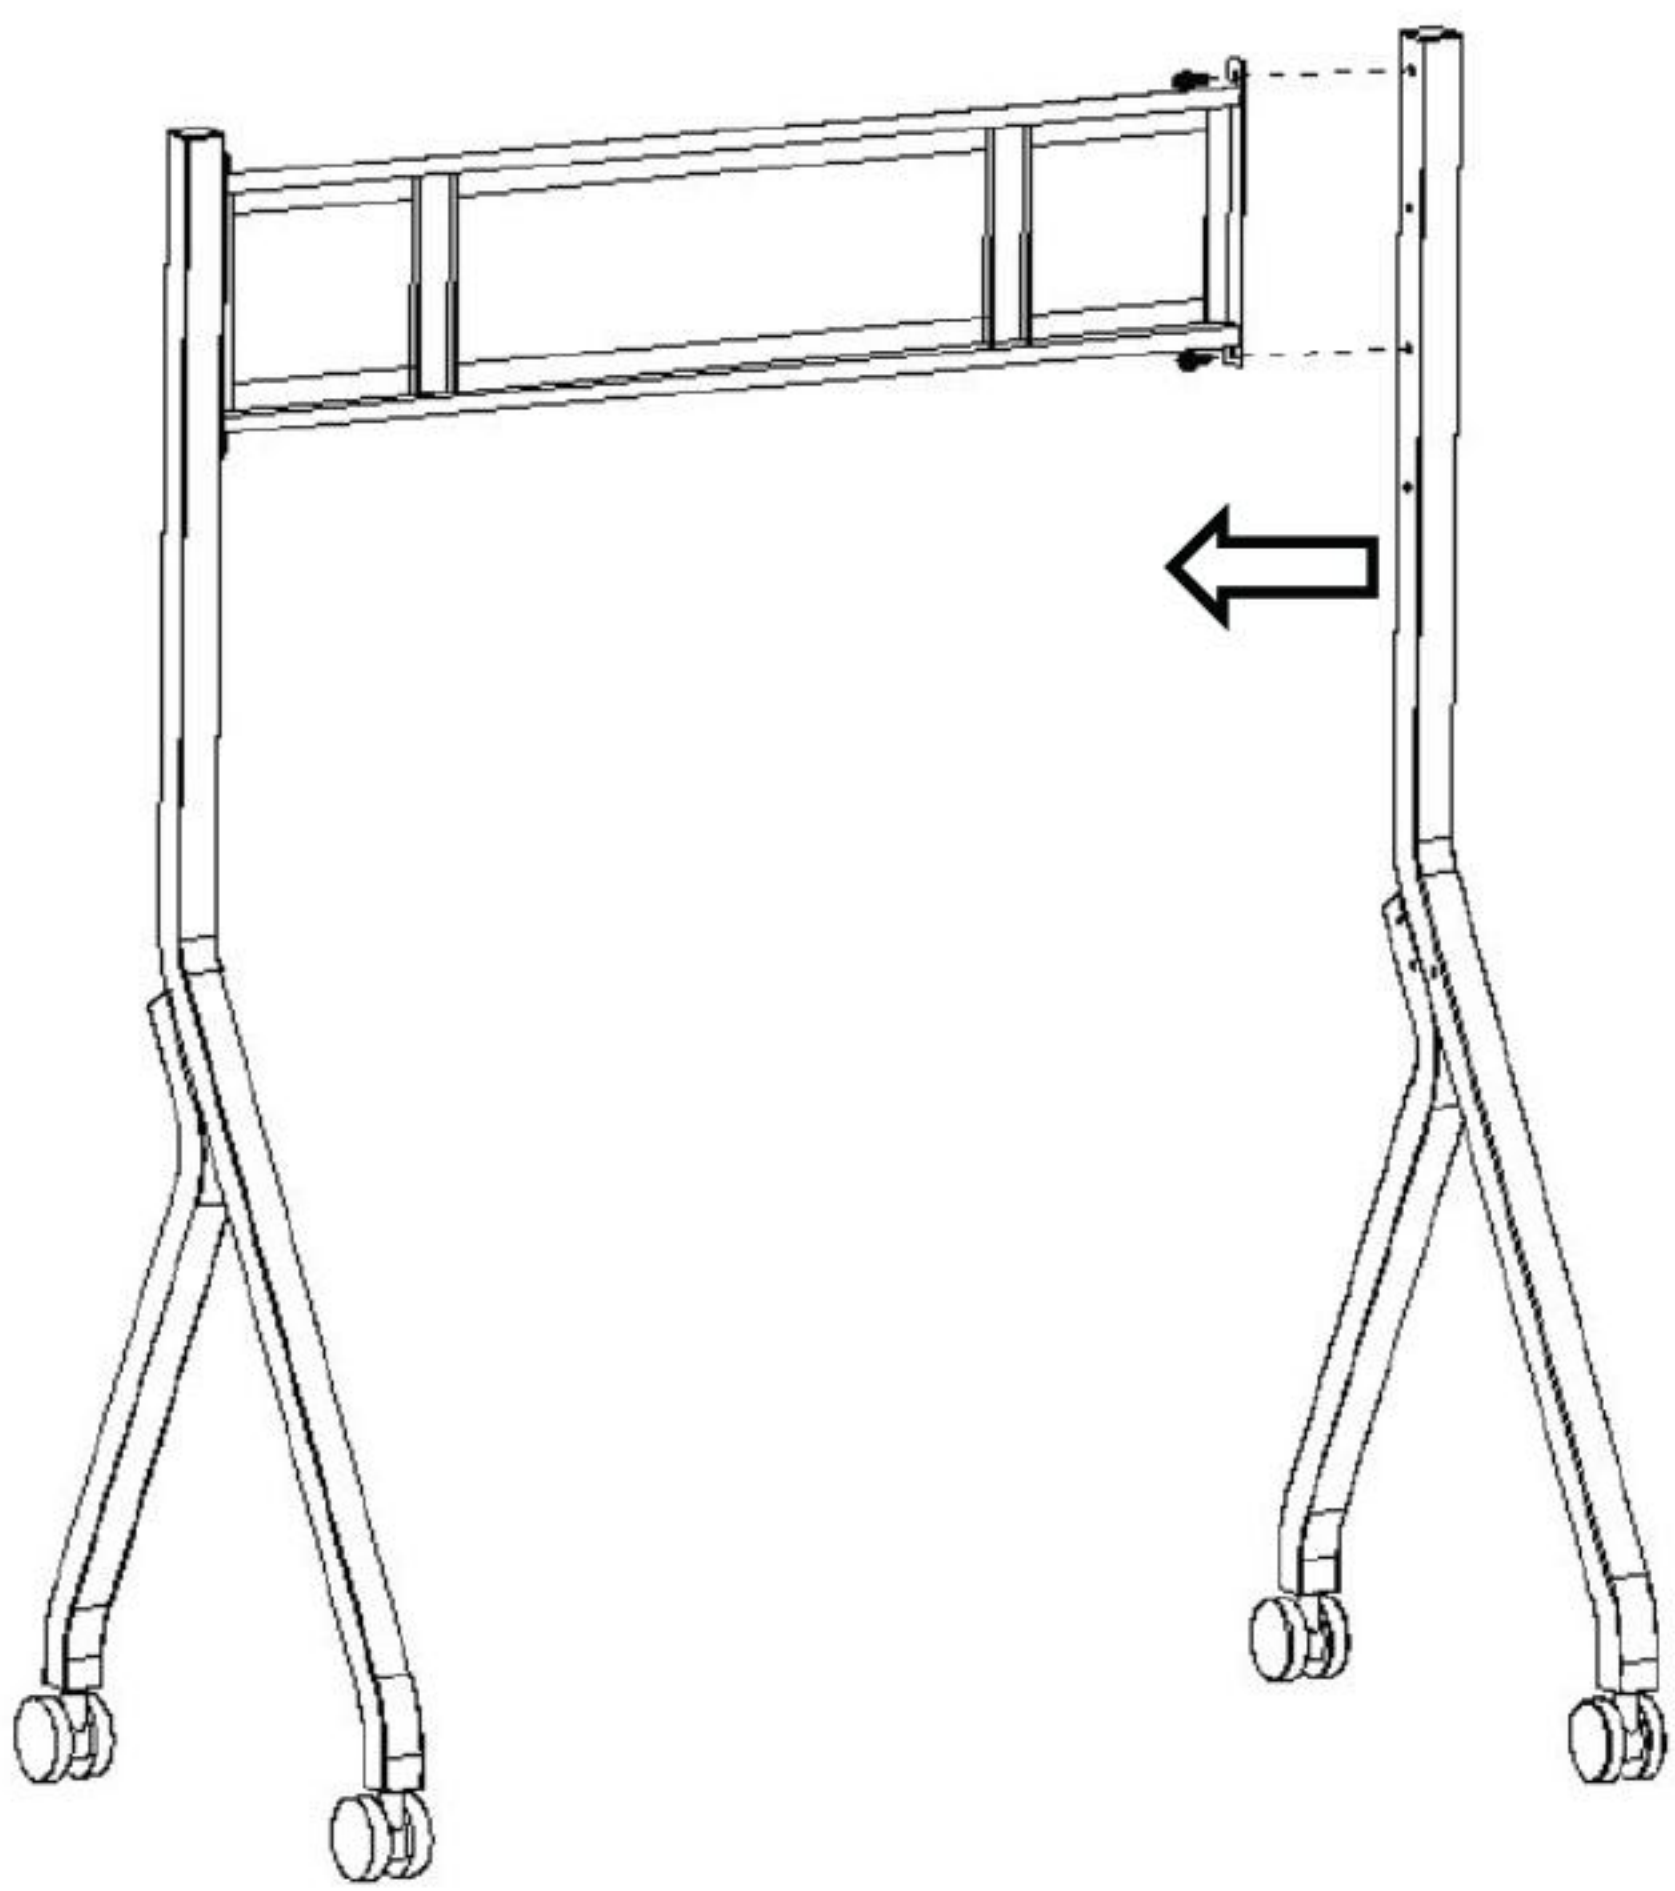

Korak 2

Pričvrstite stub/nosač za jednu nogu (slika 2).

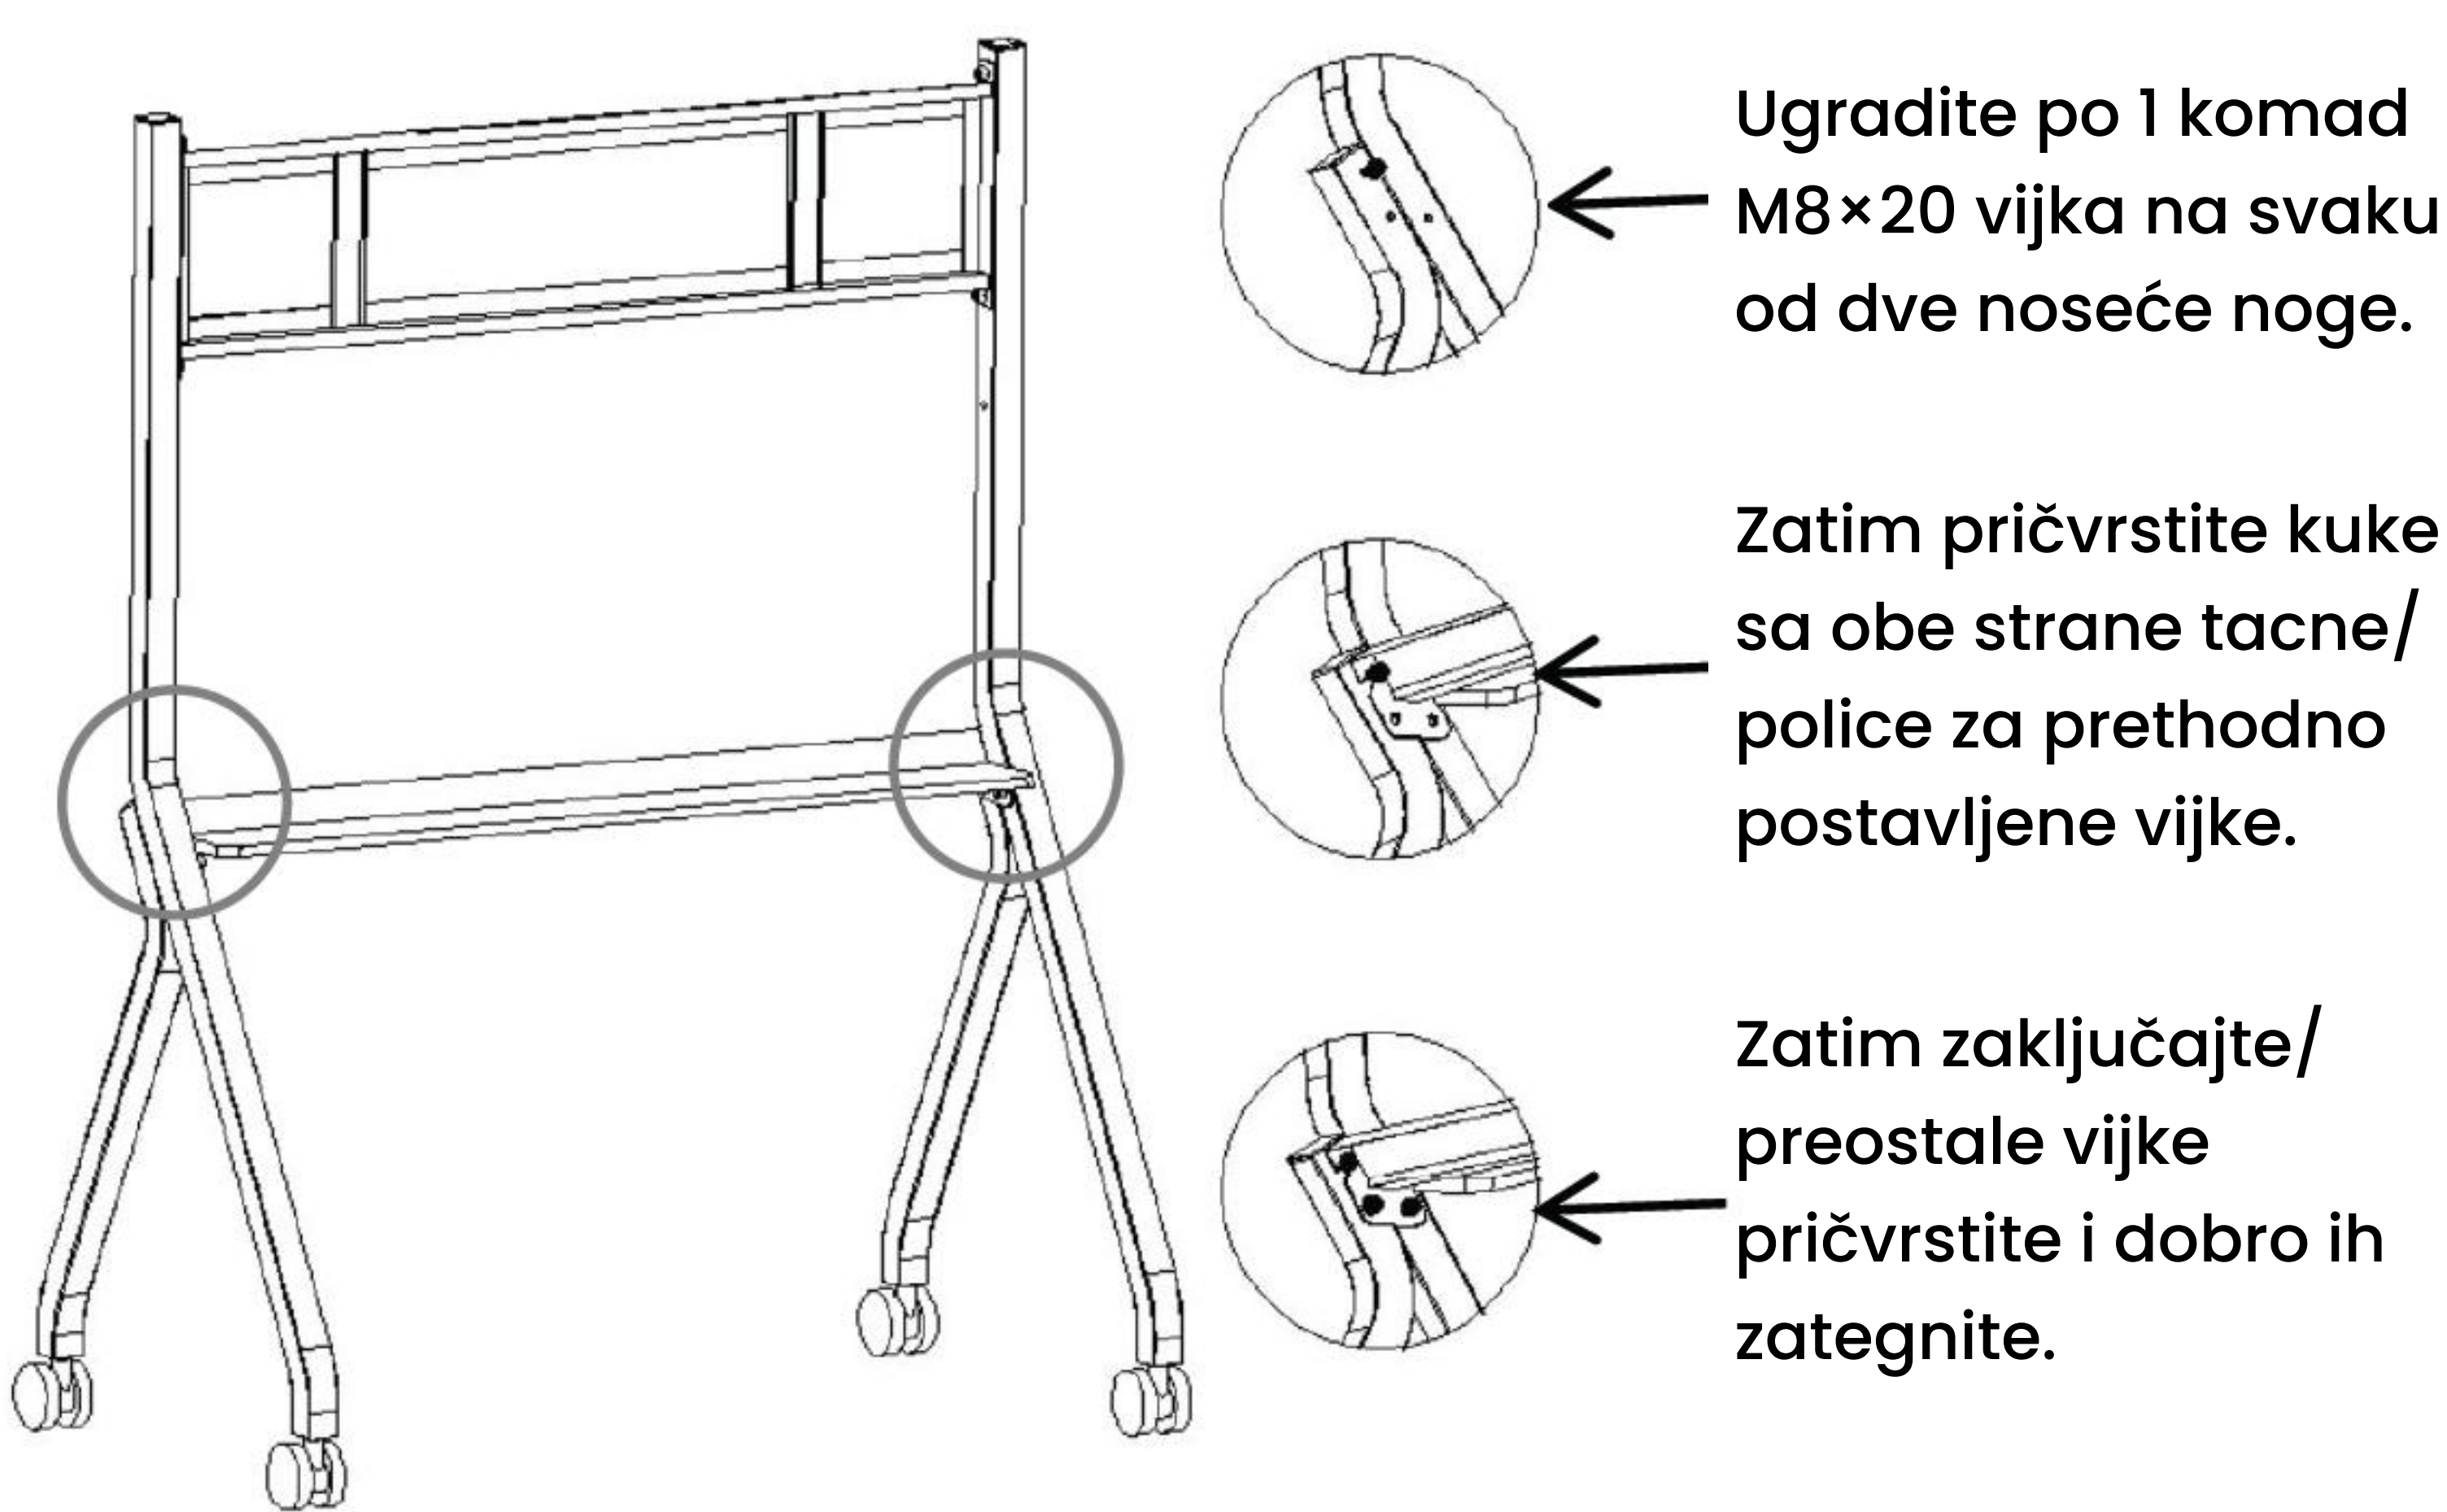

Korak 3

Pričvrstite drugu nogu za drugi kraj nosača (slika 3).

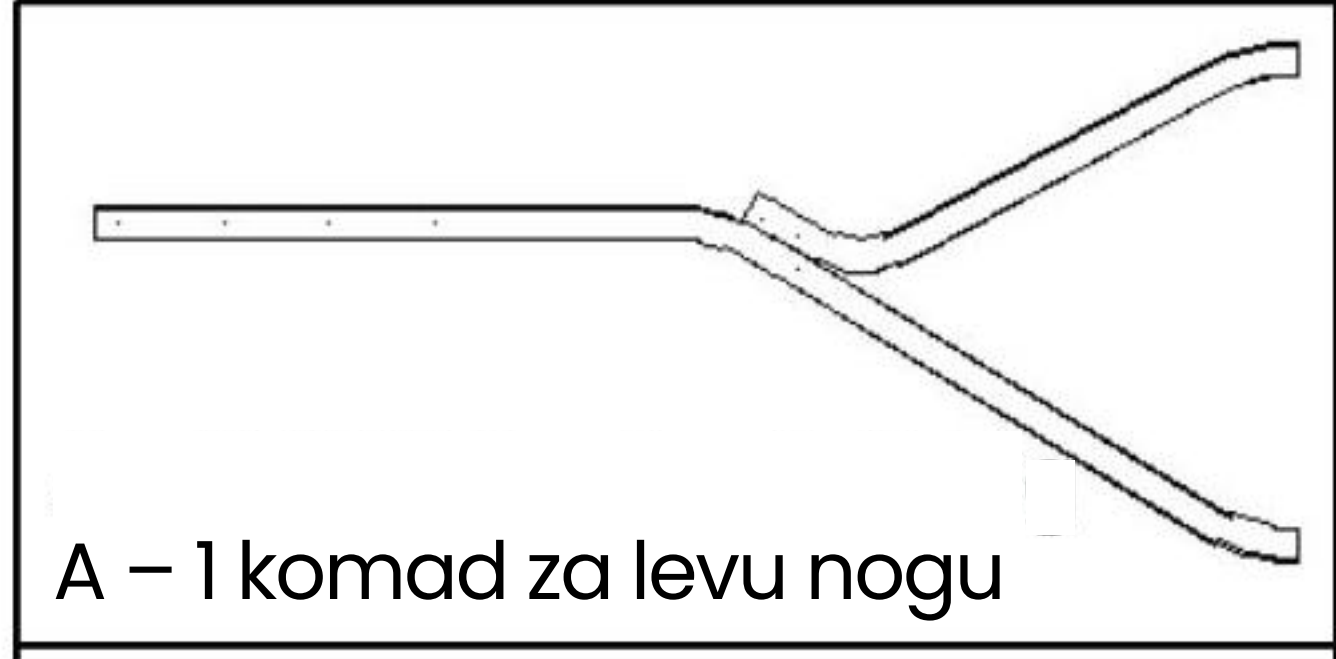

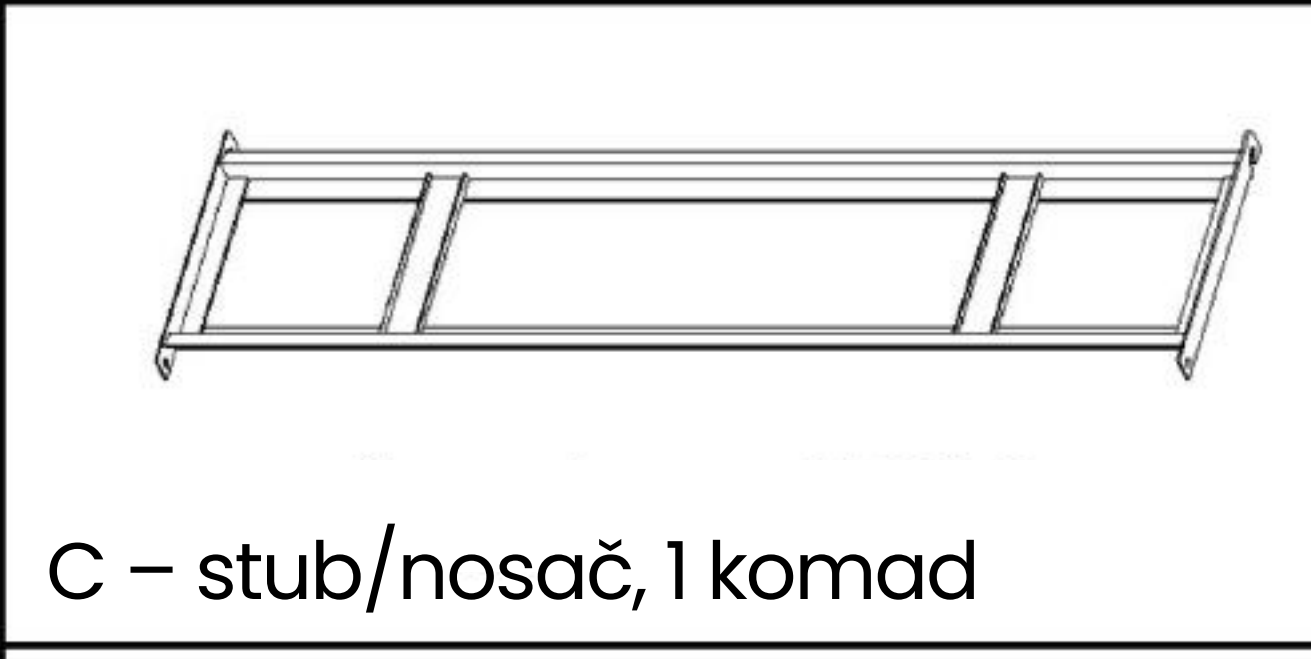

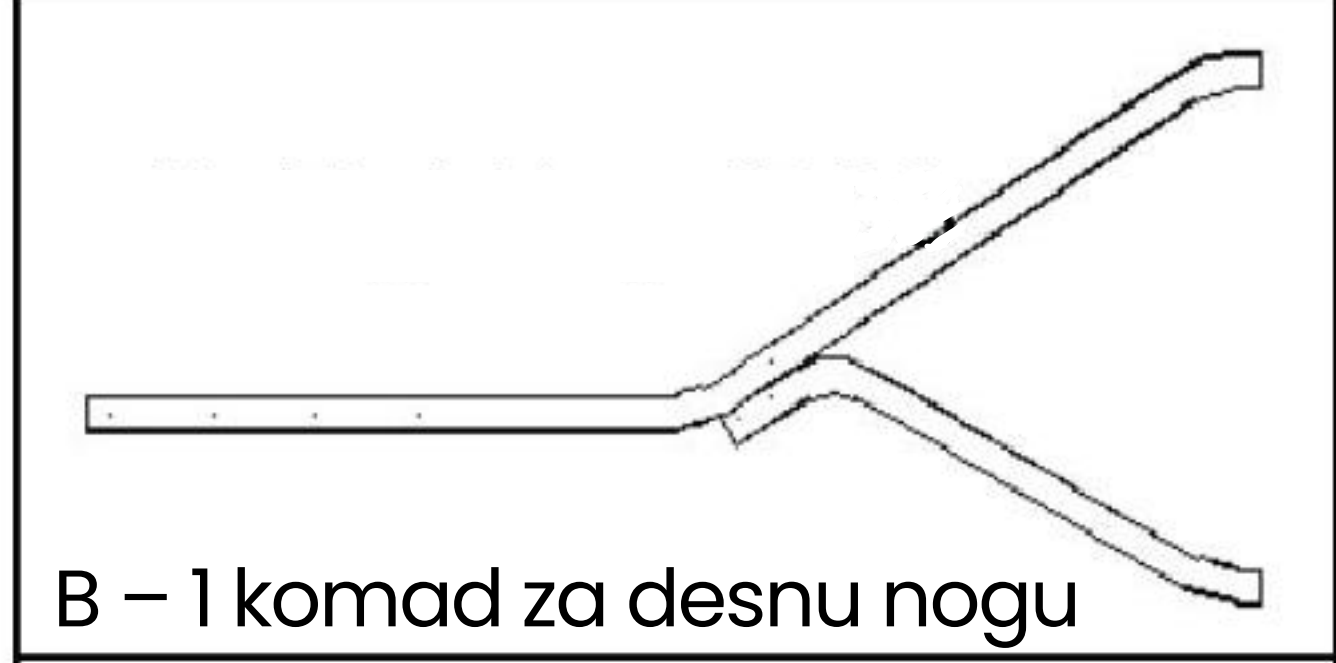

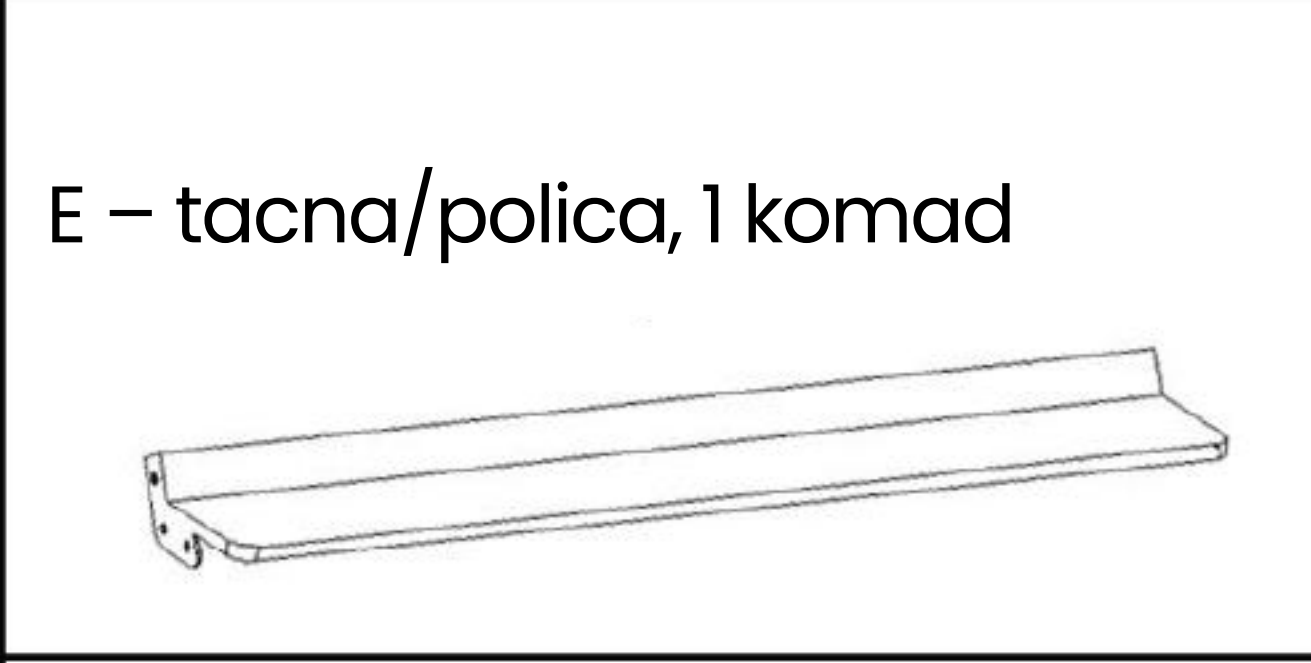

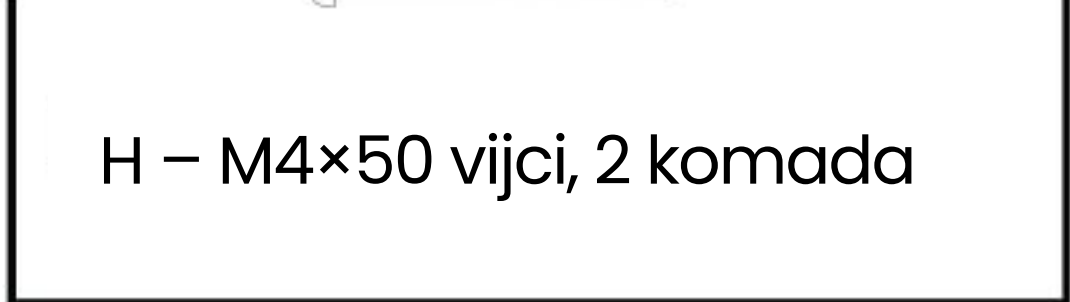

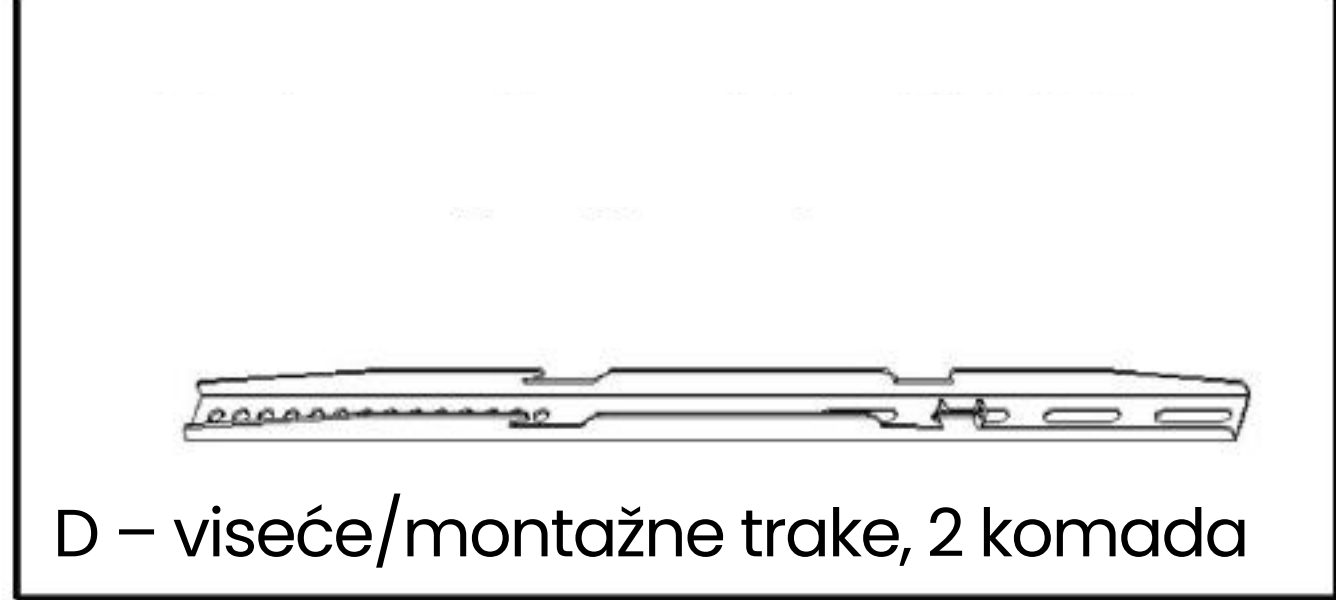

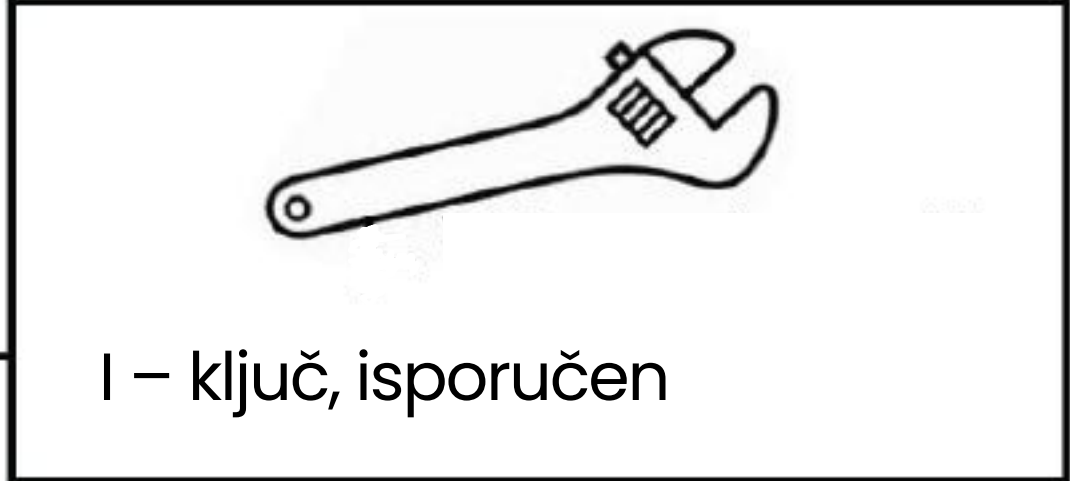

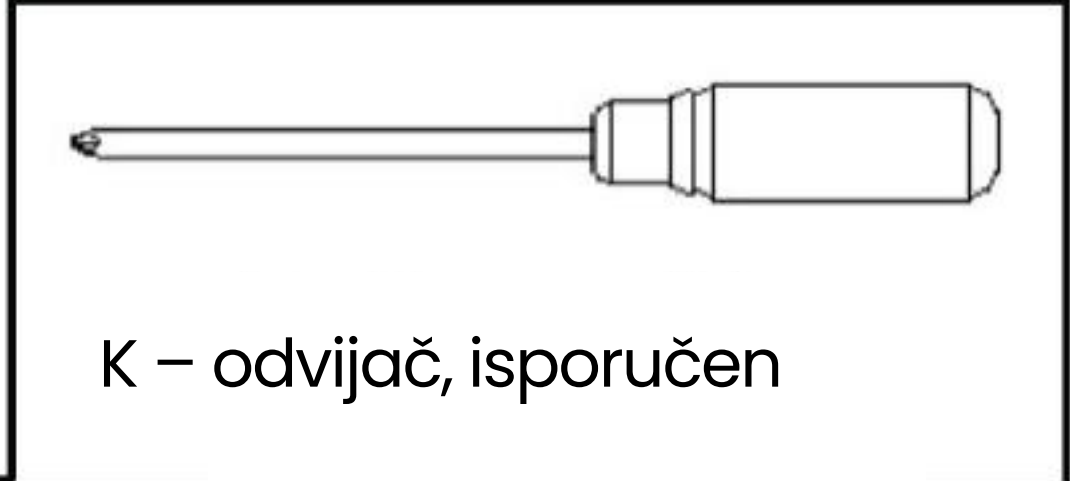

Korak 4

Postavite tacnu/policu na sredinu između dve noge (slika 4).

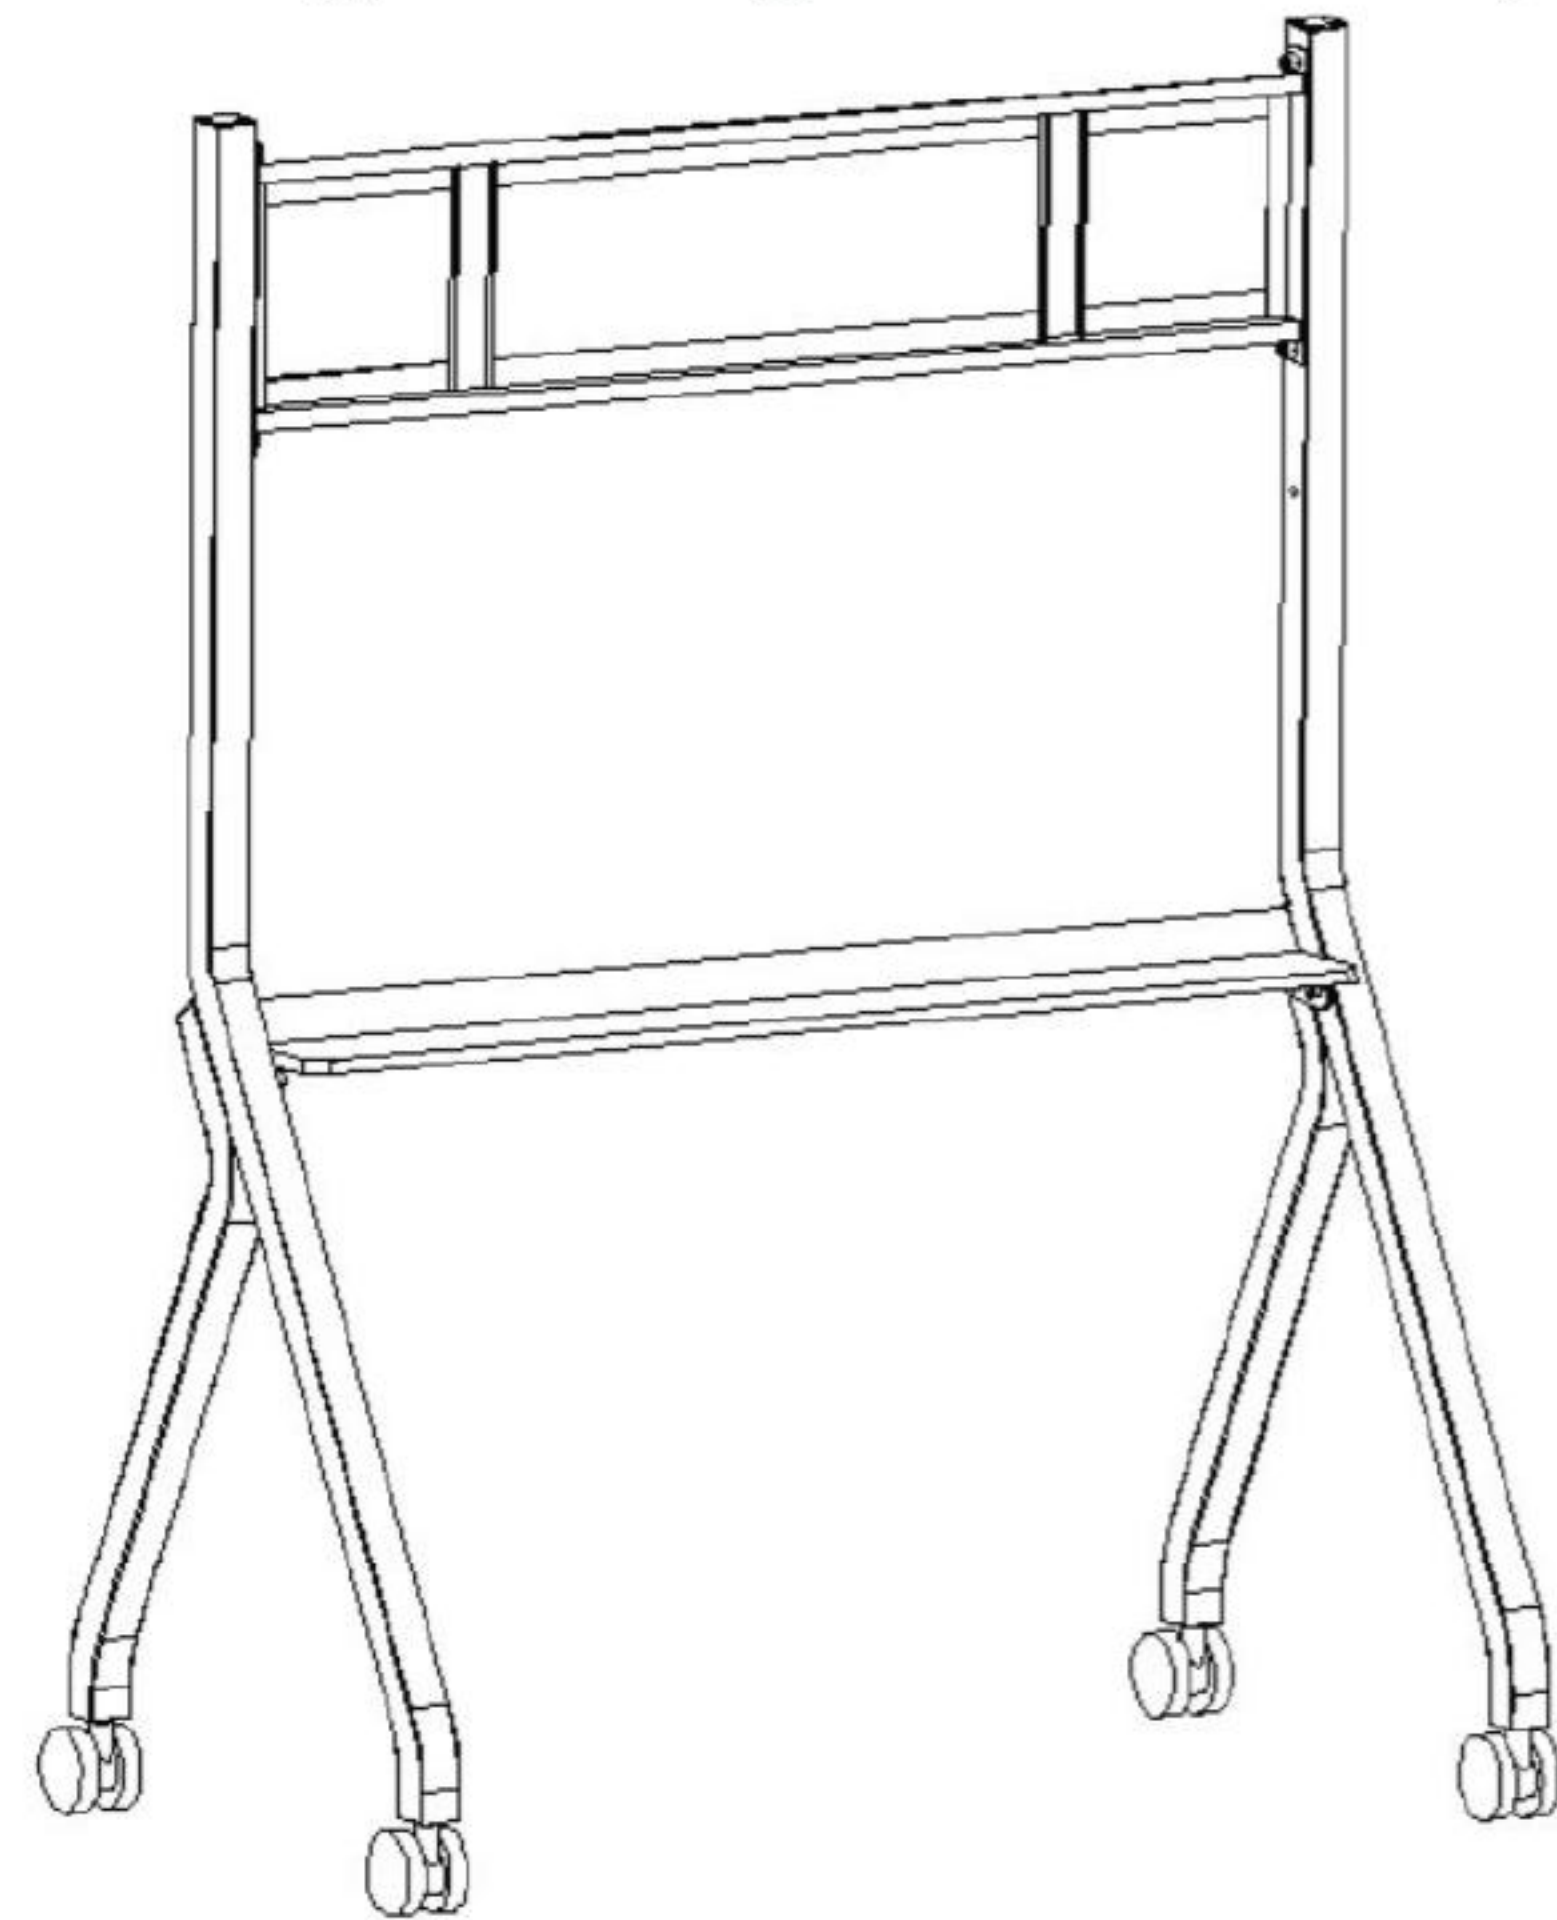

Spisak delova

 A – 1 komad za levu nogu	 C – stub/nosač, 1 komad	 G – M8×20 vijci, 10 komada
 B – 1 komad za desnu nogu	 E – tacna/polica, 1 komad	 H – M4×50 vijci, 2 komada
 D – viseće/montažne trake, 2 komada	 F – točkići, 4 komada	 I – ključ, isporučen
		 K – odvijač, isporučen

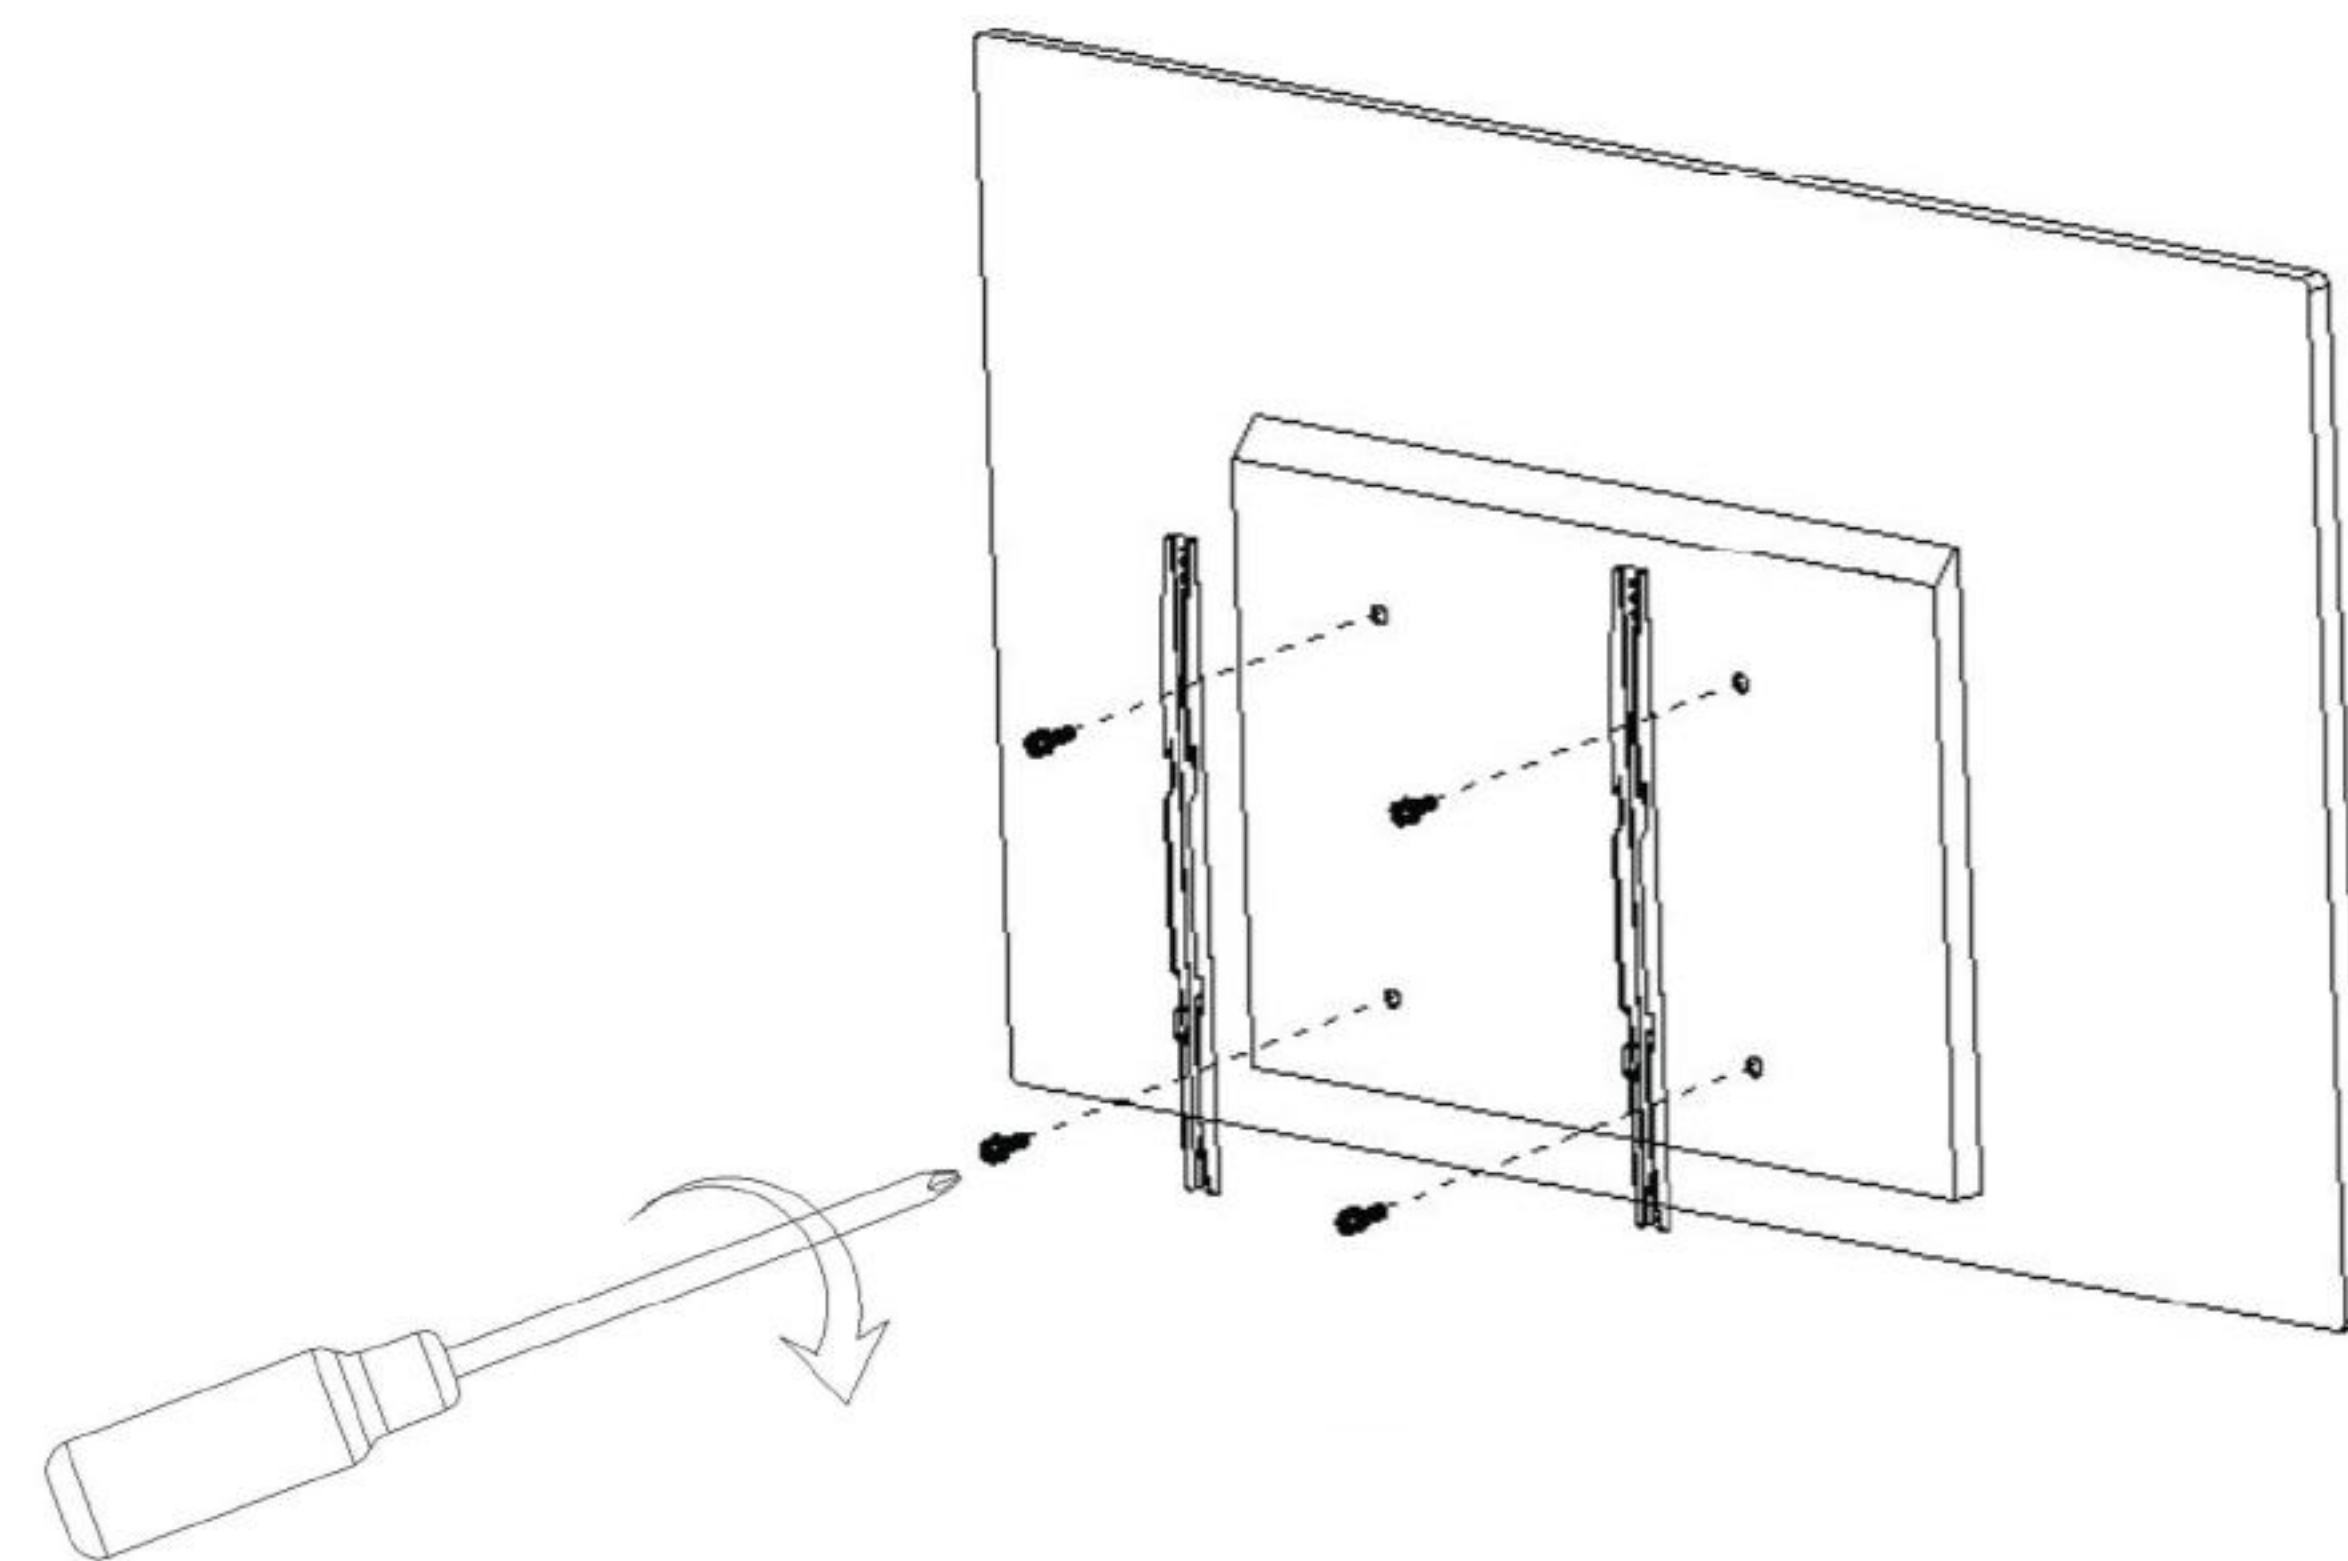

Korak 5

Nakon što je nosač sastavljen, postavite ga na ravnu podlogu i proverite da li su svi dodaci pravilno postavljeni, pre nego što zategnete sve vijke (pogledajte sliku 5).

Korak 6

Pričvrstite zidnu montažnu šinu na uređaj, u skladu sa zahtevima konkretnog uređaja (pogledajte sliku 6).

Zategnite vijke.

Korak 7

Okačite sastavljeni uređaj na nosač i zategnite sigurnosni vijak na montažnoj traci (kao što je prikazano na slici 7).
